

meaSure allow you to compute the interest rate or the periodical amount of leasing and to print the amortment schedule of a loan. It allow you to convert a number between 120 different measures, grouped in 12 categories.

It was tested in Windows 3.1 and Windows 95.

To install it in your computer unzip the file and run the "install.exe" program.

Cost: 15 dollar.

There are four other programs:

einSTEIn , the new and easy full featured calculator that has all mathematic functions, trigonometric and financial functions, and calendar computing. It allow you to compute the interest rate or the periodical amount of leasing and to print the amortment schedule of a loan. It allow you to convert a number between 120 different measures, grouped in 11 categories. And, of course, llows you to compute the interest rate of ANY cash flows (regular or irregular). You need only to put in the dates and the amounts of any cash flow and press a key. So everybody can, in very easy way, calculate the real interest rate of loans, investments, saving accounts, leasing, etc.

It uses the Inverse Polnishe Notatio (RPN) and has a very rich and accurate Help file.

It was tested in Windows 3.1 and Windows 95.

Cost: 77 dollar.

aSSo! has all the functionality of **einSTEIn** except the trigonometric ones. It has not the triangle solution window and not the measure converter.

Cost: 52 dollar.

bravo! has all the functionality of **einSTEIn** except the financial ones. It has also the triangle solution window and the measure converter.

Cost: 49 dollar.

inTer is a is a new mathematic-financial calculator that allows you to compute the interest rate of ANY cash flows (regular or irregular). You need only to put in the dates and the amounts of any cash flow and press a key. So everybody can, in very easy way, calculate the real interest rate of loans, investments, saving accounts, leasing, etc.

Cost: 35 dollar.

SHAREWARE

meaSure is Shareware, and if you will use it regularly you must register it!

You can use this software for 30 days. After this trial period, if you can not continue to use it without registering it.

You are licensed to give exact copies of the original Shareware version to anyone.

You are specifically prohibited from charging, or requesting donations, for any such copies, however made.

Unregistered use of einSTEIn after the 30-day evaluation period is in violation of copyright laws.

The registration cost only 15 US Dollar that you van pay using the modality described in the following section..

Benefit of registration:

1. you are ok with the law and feel you better;
2. you put an end to the nag screens and opening banner;
3. you get technical support by phone or e-mail;
4. When you register, you will be able to use your activation code again and again to convert shareware versions to licensed versions for free. And, best of all, when the next major release is available you will receive big discounts of as much as 50% on upgrades.

When registered you will receive the registration number to put in the box on the registration form.
