

Biorhythm Plotter by Jeff Dague
11/18/93

TO INSTALL:

1. PKUNZIP bioplota.zip and bioplotb.zip together in the same directory.
2. Run the SETUP.EXE program from within windows.
This program will install the Biorhythm Plotter on your hard drive, create a program group, and construct the Biorhythm Plotter's icon.
3. After the SETUP program is done, you can double-click on it to begin.

BEGINNING BIORHYTHM PLOTTER:

The Bio-Plot menu is broken up as follows:

1. QUIT - Asks before it exits.
2. INFORMATION
 - A. HOW TO REGISTER
 1. This is a shareware program, which may be distributed freely.
 2. A registered version may be purchased for \$10.00, check or money order. Include your name, address, city, state, zip, and any suggestions addressed to the name below.
 3. The registered version includes printing capabilities and other related utilities.
 - B. BACKGROUND
 1. A brief explanation of biorhythms.
 2. Interesting topic - check out your library.
3. BIORHYTHM
 - A. Entering information
 1. Enter the person's name.
 2. The [TAB] key will allow you to move from field to field.
 3. Enter the birthdate of selected person. The date format can be in (mm-dd-yyyy) or (mm-dd-yy) or (JAN 1, 94), ect. Experiment alittle to see what you feel comfortable with.
 4. Next, enter the starting date in which the bio-plot will begin.
 - B. Plot Bio button
 1. Plots biorhythm for selected person beginning with starting date.
 2. After done viewing plot, you must double-click on screen to continue.
 - C. Cycle Bio button
 1. Select characteristic(low, critical, or high) to find the next occurrence of the chosen pattern for the physical, intellectual, and the emotional plots.
 2. The "don't care" state is a wildcard, and doesn't affect the search.
 3. The three selected characteristics are ANDed together, and only that specific combination will be found.
 4. Click the CONTINUE button to see plot.
 5. Must double-click on screen after you're done viewing the plot.

THANK-YOU FOR TRYING BIORHYTHM PLOTTER !!!!
