HyperText

HyperText is a form of electronic book in which the reader, instead of following a preset path from beginning to end, is able to move around by means of selecting key words or phrases within the 'Book' that perform a jump to a new location within the 'Book'.

Topic

The term Topic in this context refers to a HyperText page of information. Each Topic has a label by which it is accessed, and optionally a Title which can be used when performing a search.

Help Demo Index

Help Edit Demo

This is a Demo Help File for Help Edit

This is the First <u>Topic</u>, The Help Index. Click <u>Here</u> to view the next topic.

The Second Topic

This second Topic is accessed from the Help index. It illustrates a <u>HyperText</u> Jump.
The <u>Next Topic</u> is in another File

This is the Third Topic

This Topic is located in file Demo2.doc, and is accessed from Topic 2 in the File Demo1.doc. This Topic can jump back to the Help index, or Topic 1.

It has a Bitmap in the middle of it.
