The current version of the Microsoft Word Viewer can be downloaded, at no charge, through FlashPoint's Web Site Link page, or directly from Microsoft at:

CONTENTS

SHAREWARE DISTRIBUTION

FlashPoint Development software, documentation and related materials are distributed through shareware channels, for evaluation or demonstration purposes only. They are not free.

The term "shareware" simply refers to a method of software distribution or marketing, which is designed to let users try an application before they buy it. The software, however, still must be purchased or licensed by the user, just like other software that is sold in retail stores.

Continued use of copies of any shareware application, beyond the evaluation period, requires the user to purchase a license or a registered copy from the software developer or copyright holder. Failure to do so, simply put, is theft.

FlashPoint software applications may be evaluated by a potential purchaser for thirty (30) days. Anyone who elects to use FlashPoint applications, beyond this evaluation period, is required to purchase a license from FlashPoint Development, for each user or copy of the application in use.

Information, on how to purchase licensed copies of FlashPoint's applications, is covered in detail in other parts of this documentation; also, refer to the FlashPoint License Agreements, order forms, and the applications' *User's Guide* and "About ..." boxes for more information.

REGISTERED USER -- BENEFITS, SUPPORT AND FEEDBACK

Upon registration, licensed users will be provided with the current registered users disk set, which contains:

1. The latest release of the software, which will generally include additional features and enhancements not available as of the release of the shareware, thirty (30) day evaluation version.

2. A complete on-disk, ***User's Guide***, which may be printed by the user. FlashPoint User Guides are distributed in Windows Write, Windows95 WordPad or Microsoft Word for Windows formats, depending on the version of Microsoft Windows for which the product was designed. Generally, these guides provide detailed information on all product features, an in-depth command and technical reference, user tips and helpful examples.

3. A complete, online ***User's Guide***, in Microsoft Windows95 Help format. Generally, this hypertext help file will provide more information than the help file distributed with the shareware, thirty (30) day evaluation version, and includes, complete information on all product features, an in-depth command and technical reference, user tips and many helpful examples.

4. To the extent space allows, the registered user disk set may contain additional files, utilities and promotional materials, which the user may find helpful.

In addition, registered users who do contribute will be notified when major updates and new products are available.

FlashPoint Development is a very small operation, which aspires to providing quality Microsoft Windows software at low prices; therefore, our user support resources are limited. However, should you need assistance, we still will try our best to help. If you do have a question (not covered in the distribution documentation and help files), a bug report, or suggestions for future versions, please drop us a note, and include:

- A self addressed stamped envelope (if a reply is required);

- The version and software product you are using, which appears on the application's "About" dialog panel;

- The versions of DOS and Windows that you are using;

- Your hardware configuration (model, memory size, printer, etc.); and

- Any Windows or standard DOS applications that you may be running or have loaded under Windows at the time you are running our product.

- This information will hopefully help us track any problems and to suggest reasonable solutions to your problems.

Please address all inquiries and requests to the attention of Richard S. Patterson, at the following address:

FlashPoint Development
Attn: Richard S. Patterson
P. O. Box 270492
Houston, Texas 77277

In order to continue to provide quality software at reasonable rates, FlashPoint only provides limited telephone (voice) support to registered users, and recommends that questions and inquiries be forwarded by e-mail. Generally, long distance telephone calls will not be returned, unless you specifically advise us in advance that we may return same collect. If you choose to contact us by phone, it is recommended that you limit your calls to the hours of 2:00 to 5:00 p.m., U.S. Central Time Zone.

Anyone wishing to offer advice and suggestions are always most welcome to do so.

GENERAL INFORMATION

How to Order and License Applications

If you wish to continue to use any FlashPoint software product, after the expiration of the limited thirty (30) day evaluation period, or if you wish to license additional copies, you may order same directly from FlashPoint Development.

Order By Mail

To order by mail, complete the applicable order form, e.g.,

- Individual Use (Per Copy) License Order Form, or

- Multiple Use (Site) Licenses Order Form,

and return same with your payment to:

> FlashPoint Development
> Attn: Richard Patterson
> P. O. Box 270492
> Houston, TX 77277

Copies of the product's order forms may be printed directly from the FlashPoint Windows application online help file (UNZIP95.HLP), by printing either the "Order Form -- Individual Use (Per Copy) License" or the "Order Form -- Multiple Use (Site) Licenses" topic in this documentation.

Order Online

If you are a CompuServe Information Systems subscriber, you may register your copies of UnZIP95 through CompuServe's online shareware registration system. Simply move to the registration area, by entering "**GO SWREG**" and follow the applicable instructions.

Single user copies of the UnZIP95 application may be registered under the **CIS Software Registration Identification Number 8681**.

Please read the on-line product description to verify the product you are ordering is correct as Registration Identification Numbers are subject to change.

Methods of Payment
Prepaid Orders

FlashPoint Development software licenses must be prepaid; their issuance is conditioned on receipt of full cash payment, in U.S. Dollars, at Houston, Texas.

All orders paid by money orders, postal money orders, and personal or business checks, are subject to clearance of funds. Such instruments must be payable in U. S. Dollars and to the order of "**Richard Patterson**" (not FlashPoint Development).

For the customer's own protection, cash should not be sent through the mail. Neither FlashPoint Development or Richard Patterson will not be responsible for cash payments that or lost or stolen.

Please do not pay by American Express or other travelers' checks, or by EuroChecks.

Credit Card, Telephone, FAX and Modem Orders

FlashPoint Development does not accept orders by phone or credit card orders, however, several third-party shareware disk vendors and online registration services may be approved to accept registrations and orders for FlashPoint products. Contact your favorite shareware vendor, or FlashPoint Development for a vendor in your area or for confirmation of specific vendors authorization.

Vendors interested in becoming authorized registration points for FlashPoint products should contact FlashPoint Development.

Purchase Orders and Billing

Purchase orders are subject to acceptance, and may require an advance deposit on large orders. Terms are Net (10) days.

Generally, purchase orders are automatically rejected, for orders of less than $500.00 -- even if they are from a major national corporation or governmental agency. Regretfully, FlashPoint cannot justify requiring its staff to spend hours reading or retaining legal counsel to decipher the often cryptic language of multiple page purchase orders, for relatively small orders or single registrations.

Furthermore, purchase orders will not be accepted, if they purport to obligate FlashPoint Development to terms and conditions which are contrary to those contained in its product documentation, licensing agreements or disclaimer of warranties.

As stated herein, there are no warranties whatsoever associated with the software product and documentation, and FlashPoint Development and its suppliers are not responsible for its performance on a particular system. Each user must be the sole judge of the product's effectiveness and suitability for his or her particular purposes prior to ordering same, and has been given an opportunity to pre-evaluate same via shareware distribution.

To license or register products by Purchase Orders, enclose the following items in an envelope:

- A fully completed copy of the order form, appearing in the distribution package

- Purchase order, stating, in clear and obvious type, items and number of copies to be registered or purchased, together with your shipping and billing address, and

- Name, address and phone number of a knowledgeable individual whom we may contact should any question about this order arise,

and mail to:

FlashPoint Development
Attn: Richard S. Patterson
P. O. Box 270492
Houston, Texas 77277

International Orders

FlashPoint recognizes the difficulties its international customers face in presenting payment for its products. These difficulties include excessive fees charged by banks and for international money orders, postal delays and currency conversion problems of various types.

However, FlashPoint can only accept drafts, checks, international and postal money orders or travelers checks payable in U. S. Dollars.

Drafts or checks, not drawn on U. S. banks or without preprinted U. S. bank routing numbers, require an additional handling charge (Canada $15.00, other International $25.00).

Non-U.S. customers must perform any necessary currency conversions on their end of the transaction, and should take any necessary steps to eliminate the possibility of the loss of the funds by any postal services.

All checks, drafts and money orders must be made payable, in U.S. Dollars, to the order of "**Richard Patterson**" and not to FlashPoint Development.

Please do not pay by American Express or other traveler's checks, or EuroChecks.

While FlashPoint Development does not accept credit card orders, registration and disk orders may also be paid by credit card, Visa or Master Card, through several U.S. shareware vendors. See, the **"Credit Card, Phone, FAX and Modem Orders"** section of this document for further information.

In addition, international customers who are also CompuServe subscribers may wish to take advantage of that service's online Software Registration Center. See, the "**CompuServe Online Registration**" section of this document for further information.

It is strongly recommended that international orders be paid by Postal Money Orders, as these appear to be honored by most U.S. post offices, or by drafts drawn on U.S. banks with preprinted U.S. bank routing numbers.

An additional charge to cover postal fees and handling is required on all international orders, and is included in the scheduled charges section of this manual. All materials will be mailed via air mail, whenever possible, thus avoiding many unnecessary delays.

International customers are responsible for all taxes and customs duties that may be assessed on any order.

Via the Internet and Commercial Online Services

FlashPoint Development and the product authors welcome e-mail via the Internet and commercial online services, including America Online (AOL), CompuServe (CIS) and the Microsoft Network (MSN).

The following e-mail addresses may be accessed directly, by subscribers to the indicated services, or via the Internet and other Internet gateways (e.g., MCI Mail, AT&T Mail, Apple Link, Sprint Mail and other Internet services):

Service	From/Via	Address Mail To
Microsoft Network [msn]	Microsoft Network	FlashPoint
	Internet	flashpoint@msn.com
America Online [AOL]	America Online	FlashPtDev
	Internet	flashptdev@aol.com
CompuServe [CIS]	CompuServe	70771,1336
	Internet	70771.1336@compuserve.com

Note that many online services, e.g., MCI Mail, A.T.&T. Mail, Apple Link, Sprint Mail, are capable of directing mail through Internet gateways to the above Internet addresses; however, as each service may require internal extensions to an address, each user should check with their service to verify the correct address format for sending mail to any of the above services through an Internet gateway.

We strongly recommend that users and their companies, as Microsoft Windows and Windows95/NT users, consider the benefits and savings that are now provided through competitive and reasonably priced on-line and e-mail services such as Microsoft Network and America Online. For example, access to America Online is available through a custom Windows communications interface and Microsoft Network provides an advanced, integrated Windows interface for their service; each of these services's user interfaces are feature rich, have quality e-mail capabilities and are provided by the service at no charge to their subscribers.

Via Local Bulletin Board Systems (BBS)

FlashPoint Development and the authors may also be reached by modem, on a local Houston, Texas, bulletin board systems (BBS), where unregistered copies of the most recent shareware releases of FlashPoint applications are posted.

The following e-mail addresses may be accessed directly, by subscribers to the BBS, or via the Internet and other Internet gateways (e.g., MCI Mail, AT&T Mail, Apple Link, Sprint Mail and other Internet services):

Service	From/Via	Address Mail To
Ye Olde Bailey	Ye Olde Bailey	Richard Patterson
	Internet	richard.patterson@yob.com

Those interested in Microsoft Windows and other related topics may find these boards to be some of the best and most active in the Houston area. In addition, most users will agree that the Ye Olde Bailey BBS, is most likely one of the most complete and professionally run bulletin board systems in the country -- it is a Smartnet Regional Hub and supports Internet mail, UseNet, PC Pursuit, SmartNet, TexasNet and the Annex.

Please remember that these are independent boards, and are not run or operated by anyone affiliated with FlashPoint Development -- we are the guests of the systems' operators; therefore, please respect their rules and regulations.

Also note that FlashPoint Development and the authors do not check the BBS for e-mail and messages on a daily basis, so responses are not as quick as directing mail through one of the aforementioned Internet or commercial online service addresses.

Instructions on Completing the Site/Multiple Use Order Form

To place a Site/Multiple Use order:

1. Determine the total number of users/copies you wish to license and place the number in the box that appears in the "Total License Fees" row of the order form.

2. Locate the product you are licensing and find the price breakdown for the number of user/copies you will license. Price is based on calculating the aggregate of all ranges that apply.

3. Determine the applicable "Price" ranges, and place the "Quantity" and "Amount" of user/copies required in the indicated columns for each applicable range. Add all license fee amounts, and enter the "Total License Fees" in the "Total" column. The following example, shows how a site license for 350 user/copies would completed:

Description	User/ Copies	Price	Quantity	Amount	Total
FlashPoint UnZIP95	1 to 100	$ 1,000	100	$ 1,000	
Includes 1 Master 3.50" disk	101 to 200	Add $ 500	100	500	
	201 to 400	Add $ 750	150	750	
	401 to 600	Add $ 1,250			
	601 to 800	Add $ 1,000			
	801 to 1000	Add $ 750			
Total License Fees	*(Enter Total User/Copies in Box)*		350		$ 2,250

4. Determine the number of additional Program/Documentation Disk Sets, if any, you wish to purchase. Multiply the number of disk sets, for each size ordered, that you entered in the "Quantity" column by the applicable per item cost shown in the "Price" column, and place the amounts in the applicable columns. You may purchase additional disk sets, for a total number of sets up to the number of User/Copies licensed. Note that, with the purchase of a Site/Multiple Use License, **only one (1) master disk set is provided**, however, the License allows you to copy and print the programs and documentation from the master disk, up to the total number of the User/Copies licensed.

5. Add any applicable handling fees and sales taxes, and then total your order. Please call for shipping and handling charges on orders of more than twenty-five (25) additional Program/Documentation Disk Sets.

6. Enclose the order form with your payment (checks, money orders and purchase orders must be made payable to "**Richard Patterson**"), and mail to:

> FlashPoint Development
> Attn: Richard S. Patterson
> P. O. Box 270492
> Houston, Texas 77277
