

Canterbury-Bells

(Campanula)

Two-inch urn- or bell-shaped flowers on stems 2 feet tall. Mixed colors. Some varieties have a bell inside a bell.

Soil and Light

Full sun. Rich, moist soil.

Planting

Sow 4 to 6 weeks early indoors or plant the seeds outdoors as soon as ground can be worked. Occasionally self-sows.

Comments

Some varieties are biennial. Blooms in six months. Likes cool weather.
