

## **Larkspur**

Also called rocket larkspur or annual delphinium  
(*Consolida sp.*)

Single and double flowers borne on spikes 1 to 4 feet tall. Lacy green foliage. Blue, rose, salmon, pink, white. Varieties: Dark Blue Spire, White King, Pink Perfection.

### **Soil and Light**

Full sun, but need some shade in hot areas. Light well-drained, fertile soil.

### **Planting**

Sow in early spring outdoors. In milder areas, sow in the fall. Sow at 3-week intervals for continuous bloom.

### **Comments**

Cut flowers for fresh arrangements. Use plants along fences and walls.
