

## **Phlox, Annual**

*(Phlox)*

One- to 1-1/2-inch blossoms clustered on plants to 15 inches tall. Dwarf varieties reach 8 inches. White, red, pink, blue. Varieties: Blue Beauty, Crimson Beauty, Pink Beauty.

### **Soil and Light**

Full sun; can take light shade. Can take almost any well-drained soil.

### **Planting**

Sow seeds indoors 4 to 6 weeks early, or sow directly outside after frost danger passes.

### **Comments**

Use plants in borders, window boxes, and rock gardens. Keep old flowers clipped off to stimulate new growth.
