

## **Sweet William**

*(Dianthus)*

Small, compact plants 4 inches to 2 feet tall with flat, closely packed flowers. Bicolors, reds, whites. Varieties: Wee Willie, Red Monarch, Summer Beauty.

### **Soil and Light**

Full sun. Light soil kept moist.

### **Planting**

Sow 6 to 8 weeks early inside, or buy transplants. Bloom a second summer in mild climates.

### **Comments**

Use as a border and rock garden plant.
