

## **Rosemary**

*(Rosmarinus officinalis)*

Half- to 1-inch fragrant violet flowers cover the plant in late winter and early spring. Leaves are glossy green with a pleasant aroma. Trailing variety, Prostratus, averages 6 inches high.

**Zone:** 7

**Light and Soil:** Full sun. Tolerant of most soil types.

**Height:** 4'

### **Comments**

Use in beds, shrub borders, and hedges. Needs little pruning. Keep on the dry side to prevent rapid, spindly growth.
