-
- Starting the Wrath of the Gods Preview:

In the windows Program Manager choose "Run" from the "File" menu.
Type: C:\Wrathpre.exe (C:\ is the drive to which you copied "Wrathpre.exe").

You may start the preview by double-clicking on the file "Wrathpre.exe"
in the file manager.

- About the Wrath of the Gods Preview:

The Wrath of the Gods Preview contains screen shots and animations
from Wrath of the Gods with a voice-over description of the gameplay.
PLEASE NOTE: the screen shots in this preview are reduced versions
of the screens in the actual game. The actual game is displayed in
640x480 resolution.

- System Requirements:

DOS 5.0, Windows 3.1.
IBM/100% compatible 386 25Mhz and up.
4MB of RAM.
VGA, SVGA 256 color display with 640x480 resolution.

Windows compatible sound card (SoundBlaster, ProAudio Spectrum, etc.).
Mouse.

- About Wrath of the Gods:

Take the role of a hero on a quest to regain your kingdom in this photo-realistic CD-ROM adventure game based on the Greek myths. Explore over a hundred scenes created from original photographs of Greece. Fight monsters, encounter colorful live-action characters and match wits against challenges faced by the greatest heroes of all time. Featuring an animated help line "the Oracle" and an illustrated information space that provides background on the myths, Wrath of the Gods goes far beyond the limits of the traditional graphic adventure game: the life-like characters, varied soundtrack and unparalleled photo-realism create an experience like being inside a movie.

Wrath of the Gods is available on CD-ROM for Macintosh and MPC.
