There are four parts to this document:

### 1) Marketing Plan

This portion of the enclosed document explains how you can participate in making **SFCS** a success. There is no requirement for you to do so, but, there is a monetary incentive for you so please read on and decide for yourself. No sales experience is required, no selling is needed, all you have to do is supply us with the names of people who would very likely be interested in this game and we handle the rest, including sending you a cheque for \$5US for every person on your list who buys **SFCS**. Complete details are included below so read on!

### 2) Questionnaire

Instructions: Circle the answer that applies to you. We are collecting this information to focus our development efforts to support the features that exist in computer systems just like yours.

Features Like:            Sound Card Support: Explosions, Weapons, Music and Voice

Do not write on the printed form, but instead use your favorite word processor to type the information required, then send it to your printer. Please do not change the format of the **Order Form** supplied but, for additional address info add it to the bottom of the existing address info. **Also please confirm that our address on the Order Form is the same as in the game.**

### 4) Prospect Information Form

Please complete and enclose a copy for each prospect. Do not change the format of this Form but do type all information requested. Read the Marketing Plan below for complete details.

## MARKETING PLAN

**Star Fleet Combat Simulator Version Demo** is free. You can copy it and distribute it as much as you want. The purpose of this version of the product is to get as many people as possible interested in this game.

If you want the registered version of the game, **SFCS Registered Ver. 1.0**, it is available by filling in the **Order Form** below. After receiving the game you become part of a new idea called "INCENTIVE-WARE". What this means to you is that for every name and address you send to us, of a person who buys **SFCS**, you will receive a cheque for \$5 dollars U.S. In addition, you will be notified of upgrades and will be able to shape development of this program by completing and sending the enclosed Questionnaire.

By doing this we are hoping for three things:

- 1) The game will become popular quickly by using the most effective advertising in the world, "Word-of-Mouth".
- 2) To reduce the incentive to copy **SFCS** and distribute unregistered copies.
- 3) To offer a monetary incentive to the most important person in the world, YOU, the user, by paying for the people you know who buy this game.

### What you do?

Fill in the Prospect Information Form included below for each prospect. It is important that you confirm these three things about the prospect.

- 1) They like Star Trek.
- 2) They enjoy playing games!
- 3) They have a computer that is Windows compatible.

Most people know at least a few people who might be interested in **SFCS**. This way the game ends up costing you nothing except a few minutes of your time to fill out the forms below. If you know more people, more power to you, and more money too.

Do not send us a Blind Mailing list of hundreds of people because we will ignore such information. If you have a legit mailing list of people who meet certain criteria, i.e., Star Trek Fan Club, FASA Gamers, SFB Playing Group or other War Gamers, we will consider such offers but you must contact us directly first by mail. We will make it worth your time!

### What we do?

We will send each person on your list a flyer about **SFCS**. If they wish to see a demo we will inform them about a local BBS (according to the information you supply) that has the game so that they may download it and determine if they like it. Hopefully they will love it!

We handle all the work and all the costs: the mailings, sending the product, postage, sending the cheques, everything.

### The End

For each of your prospects that orders **SFCS** you will receive a cheque for \$5 bucks. This way everybody wins. **INCENTIVE-WARE**. It's that simple!
