- Direct ownership of problem resolution

The screenshot shows the Compaq eSupport website. At the top right, it says "United States" and "March 27, 2000". The navigation bar includes "STORE | PRODUCTS | SERVICES | SUPPORT | CONTACT US | SEARCH". The main heading is "support home" with the sub-heading "Welcome to Compaq support".

On the left is a vertical navigation menu with the following items:

- › support home
- software & drivers
- frequently asked questions
- support forum
- product resources
- ask Compaq
- reference documents
- warranty information
- service centers
- contact support

The main content area features several sections:

- software & drivers**: Download the latest software and drivers. (Accompanied by a CD-ROM icon)
- FAQs**: Search our library of frequently asked questions. (Accompanied by a desktop computer icon)
- support forum**: Share information in our forum. (Accompanied by a keyboard icon)
- product resources**: Find information for your products.
- warranty information**: Find out about your warranty.
- ask Compaq**: Ask Compaq your support questions.
- service centers**: Locate the nearest service center.
- reference documents**: Manuals, service guides, and more.
- contact support**: Contact a technical support specialist.

On the right side, there is a "Support Spotlight" section with three items:

- ▶ New [Compaq Ultra ATA Storage Driver version 5.01](#) supports Windows 2000.
- ▶ Compaq introduces the high density [CPQ2150 Internet Server Platform](#).
- ▶ Support for the new software suite, including the [CIM Analyzer and Compiler](#), is now available.

At the bottom, there is a "Worldwide: pick your country" dropdown menu and a link for "legal notices and privacy statement".
