- "Includes Adobe Acrobat" Logo

Acrobat Reader Installers and Instructions
=====

This CD-ROM contains Acrobat Reader 3.0 installers (with and without Acrobat Search) for Windows only. The Acrobat Reader 3.0 CD-ROM contains installers for all platforms. Here are the installation instructions for Windows:

Windows Run the SETUP.EXE program in the 16BIT (for Windows 3.x systems) or 32BIT (for Windows 95 and NT systems) folder for the desired configuration:

```
ACROREAD / WIN
|
|  ___ READER      Acrobat Reader
|  |  ___ 16BIT    Windows 3.x
|  |  ___ 32BIT    Windows 95 and NT
|  |  ___ QUICKTIM QuickTime 2.12 Installers
|  |
|  | ___ RDR_SRCH  Acrobat Reader + Search
|  | |  ___ 16BIT  Windows 3.x
|  | |  ___ 32BIT  Windows 95 and NT
|  | |  ___ QUICKTIM QuickTime 2.12 Installers
|  |
|  | ___ DISKS     Acrobat Reader (Disk-based Installer)
|  | |  ___ 16BIT  Windows 3.x
|  | |  ___ 32BIT  Windows 95 and NT
|  |
|  | ___ ONEFILE   Acrobat Reader (One File Installer)
|  | |  ___ 16BIT  Windows 3.x
|  | |  ___ 32BIT  Windows 95 and NT
```

For example, the Acrobat Reader + Search installer for Windows 95 is:
ACROREAD / WIN / RDR_SRCH / 32BIT / SETUP.EXE

QuickTime installation is only required if you are viewing PDF files with linked QuickTime movies or sounds. See the README.WRI file in the QUICKTIM folder for installation details.

The DISKS folder contains the Acrobat Reader 3.0 installer files that may be copied to empty, DOS-formatted HD floppy disks.

The ONEFILE folder contains the Acrobat Reader 3.0 installer files that are most suitable for online distribution (email, web, bbs, etc.).

Distributing the Acrobat Reader Installers
=====

You may make and distribute unlimited copies of the Acrobat Reader or Acrobat Reader + Search software on this CD-ROM, including copies for commercial distribution, as long as each copy that you make and distribute includes the following:

1. Acrobat Reader or Acrobat Reader + Search installer, as provided by Adobe;
2. Acrobat Reader Electronic End User License Agreement;
3. Copyright and other proprietary notices included in Acrobat Reader; and
4. The following attribution statement on any media and packaging that includes Acrobat Reader: "Acrobat(R) Reader copyright (C) 1987-1997 Adobe Systems Incorporated. All rights reserved. Adobe and Acrobat are trademarks of Adobe Systems Incorporated."

You are expressly prohibited from modifying the Acrobat Reader installer program provided by Adobe or creating your own installer for the Acrobat Reader software. You may, however, customize the Acrobat Reader installer as described in "Customizing the Acrobat Reader Installers" below. If you distribute the Acrobat Reader installers as provided on this CD-ROM or customize them as described below, you will be in compliance with item 1 above.

The Acrobat Reader Electronic End User License Agreement, copyright notices, and proprietary notices are contained in the Acrobat Reader installer program. If you distribute one of the Acrobat Reader installers provided on this CD-ROM you will be in compliance with items 2 and 3 above. Details on the terms of use for the Acrobat Reader products are found in the Acrobat Reader Electronic End User License Agreement presented during installation.

You may not distribute the Search or QuickTime installer components separately; they must be distributed along with an Acrobat Reader installer. Adobe Systems Incorporated has licensed QuickTime for Macintosh and Windows to incorporate in Adobe products, including Acrobat Reader. You may make copies of QuickTime only as incorporated for use with Acrobat Reader. Any distribution of QuickTime apart from the Acrobat Reader is subject to the restrictions specified by Apple Computer, Inc.

There is not a Reader + Search installer that will fit on HD floppy disks.

Re-use of Acrobat Reader 3.0 Documentation

=====

You may copy and re-use text and illustrations from any or all of the Acrobat Reader documentation (including Online Guides and ReadMe files) in your own publications associated with the distribution of Acrobat Reader 3.0 software. If you do so, you must include the following attribution line: "Some portions copyrighted to and reprinted with permission from Adobe Systems Incorporated."

Customizing the Acrobat Reader Installers

=====

You may customize the Acrobat Reader installers to install additional files such as plug-ins and help files. You cannot change the components that are built into the Acrobat Reader installer and its archives.

Windows -- The Acrobat Reader installers for Windows have the ability to copy files that are external to the installer application and archives. To trigger the blind-copy mechanism, a file named ABCPY.INI (Adobe Blind CoPY initialization file) must exist in the same folder as the installer program (SETUP.EXE) for Acrobat Reader. The ABCPY.INI file specifies the source and destination locations for each file that is copied. Details for modifying this file can be found in ABCPYDOC.INI which is in the same folder as the installer (SETUP.EXE) for Acrobat Reader. An actual example of using ABCPY.INI can be found in the Acrobat Reader + Search installer on this CD-ROM.

ABCPY.INI can also be used to specify some of the behavior of the Acrobat Reader installer such as which dialogs are displayed, the default destination directory, and the default "program group" and to enable the installer to launch another InstallShield script or another Windows application. It cannot be used to prevent the display of the Acrobat Reader Electronic End User License Agreement.

"Includes Adobe Acrobat" Logo

=====

A special "Includes Adobe Acrobat" logo is available from Adobe for use when distributing Acrobat Reader. See <http://www.adobe.com/acrobat/acrodist.html> for more details.
