Here are some of the ways our 12,000+ members in over fifty countries get more use and enjoyment out of their Macs as BMUG members:

The BMUG Newsletter — Published twice a year, each Newsletter contains 400+ pages of reviews, reference material, and commentary (with no advertising!).

Planet BMUG, Planet BMUG South, and BMUG Boston—the BMUG BBSes — Use your modem to exchange messages with BMUG members around the world, send mail via the Internet, get technical questions answered, and download software from BMUG's vast software library. Our FirstClass graphical interface electronic Bulletin Board Service makes it easy.

The Helpline — Use our technical Helpline to solve your basic hardware and software problems. It's available most afternoons by phone, fax, or in person.

The Software Library — One of the largest and most up-to-date collections of Publicly Distributable software anywhere. It is all available on disks and CD-ROM.

Publications and CD-ROMs — BMUG produces a wide variety of unique products including CD-ROMs of Shareware, books on scripting, and resource editing, software programs, and much more.

The Meetings — BMUG holds weekly Main Meetings in Berkeley, monthly general meetings in San Francisco and San Jose, and Special Interest Group meetings virtually every night of the week. See new and interesting product demos, meet other computer users, and hear the latest industry rumors.

BMUG Members are Important

Active members make BMUG a success. We are neither affiliated with nor do we receive monetary support from Apple or any other producer, developer, or for-profit entity. Instead members create BMUG products, solve member problems, host main meetings, teach classes, lead interest groups meetings, and provide a wealth of services to other members. **Join us, and share in the knowledge and experience of our unique BMUG community.**

As our motto says:

"We're in the business of giving away information."

BMUG Membership Services

The BMUG Newsletter

Published twice a year (January and August), the BMUG Newsletter is packed with 400+ pages of software and hardware reviews, "how-to" guides, commentaries on the computer industry, and Choice Products—BMUG's respected product recommendations.

Each Newsletter comes with a selection of the latest and greatest Shareware and Freeware, as well as software for accessing our electronic Bulletin Board Services.

The BMUG Newsletter contains no advertising, and is written and edited by BMUG members, volunteers, and staff. We encourage you to contribute your efforts as well.

BMUG Online

Got a modem? That's all you need to get online with BMUG. Our FirstClass™ Bulletin Board Systems make it easy to communicate with other BMUGers and get the most out of your Macintosh. Search the "Planet" for the lastest computer news and opinions and easy access to BMUG's Freeware and Shareware library. You can even discuss community issues, politics, movies, and restaurants with the 6000 members who log on to one of the BMUG BBSes. In addition you can exchange mail over the Internet and read Macintosh related Newsgroups.

That's not all! If you don't live near one of our FirstClass BBSes, or are on the road, you can still keep in touch with BMUG. BMUG maintains extensive and active online forums on eWorld and America Online, so you can still send mail and check into BMUG hardware and software conferences. You can reach BMUG at any of these electronic addresses:

America Online: Keyword "BMUG"
AppleLink: UG0001
CompuServe: 73237,501
eWorld: Shortcut "BMUG"

The BMUG Helpline

Having trouble getting your Mac to do what you want? Call, mail, or fax the BMUG Helpline! We can help you track down that buggy software conflict, make better use of your applications, and get your hardware running smoothly.

Got a bigger hardware problem? Call the Helpline for an appointment and bring in your Mac. We can help recover crashed hard drives, install memory and peripherals, and more—all free for BMUG members. The Helpline is presently staffed Monday through Thursday and Saturday from 1pm to 5 pm. Volunteer! It's a great place to help people, and learn about your Macs.

BMUG Meetings

All BMUG meetings are open to the public. You do not have to be a member to attend. We welcome new and old Macintosh users alike. Meetings are from 6:30pm to 9pm. Call BMUG at (510) 549-2684, and press 8, for current meeting information and location.

Main Meetings (Berkeley)
BMUG holds weekly Macintosh meetings on the UC Berkeley campus. Approximately 100 members and non-members gather to discuss the latest industry gossip, ask technical questions, and watch vendors demonstrate new and soon-to-be-released software and hardware. The meetings are free of charge, open to the public, and there is a raffle at the end of every one.

BMUG West (San Francisco)
BMUG holds a Macintosh meeting in San Francisco at the Exploratorium's McBean Theater on the last Monday of each month. Though they have the same format as our main meetings, including the raffle, they are smaller and more intimate.

BMUG South (San Jose)
On the second Monday of every month, BMUG holds a Macintosh meeting in San Jose at the Santa Clara County United Way office at 1922 The Alameda. Come see vendors present products of special interest to our Silicon Valley BMUGers.

Special Interest Groups (SIGs)

BMUG has SIG meetings almost every week night and on weekends. Most SIGs meet in our offices in Berkeley and are free of charge and open to the public.

There are training SIGs such as Basic Mac and Intermediate Mac; specialty SIGs such as Database, DTP, CAD/CAM, HyperCard, Internet, Math, Digital Media, and Programmer/Developers; Professional SIGs like the Education, Law, and Computer Professionals for Social Responsibility; and lifestyle SIGs like the Bay Mac Women, and LesBiGay SIGs.

Information on BMUG SIGs can be found on the monthy BMUG calendar.

BMUG Calendars and Meeting Information

BMUG makes a monthly calendar available to members at our offices and on Planet BMUG, Planet BMUG South, and BMUG Boston BBS. In addition, we post job and equipment listing plus special sale lists, some available only to our members.

Call our office each month to request the calendar, or call the BMUG announcement line for a list of the week's events.

BMUG CD-ROMs

One of the most exciting advances of today's computer industry is CD-ROM technology. Because CD-ROMs are an excellent medium for distributing large amounts of data, they give content providers like BMUG a wider range of creativity.

BMUG has always been at the forefront of the CD-ROM wave. We were the first Macintosh users group to release a CD-ROM, and have become the largest publisher of CD-ROMs among our fellow users groups. We take pride in being able to offer the latest technologies in the fast-paced world of computers!

The BMUG PD-ROM – Spring 1995 (code: 060 ship: 3) **$40**

The latest Shareware in a new revised edition!

Brand new as of January 1995, the Spring 1995 PD-ROM is packed with all sorts of utilities, fonts, games, graphics, and more. All of the files have been checked for compatibility on all PowerBooks and desktop Macs (including the AV series, Power Macs and Quadra 630)—and with System 7.5! With over 600 megs of stuff, it's the best source of Publicly Distributable software available anywhere.

Roadside Resources – Internet Collection (code: 095 ship: 3) **$25**

All the software and information you need to get on the Internet!

This brand new CD-ROM will help you get up and running on the Internet. It contains a guide to getting the most out of your Internet access, a friendly navigational interface—including a QuickTime™ QuickLook directory—and a hyper-catalogue of the software on the ROM. Save loads of time and money; we've already downloaded all the cool utilities you'll need!

BMUG Games ROM v2 (code: 110 ship: 3) **$15**

Do you want to play a game, or maybe 433 of them?

New as of July '94, the BMUG Games ROM presents BMUG's latest collection of the cream-of-the-crop of Publicly Distributable Shareware and Freeware games. All files on the Games ROM have been organized into categories such as card games, strategy games, puzzles, and arcade games. With over 170 megs of stuff, the Games ROM should keep you occupied for months!

The BMUG Font ROM, version B (code: 100 ship: 3) **$15**

The very best of Publicly Distributable fonts!

With nearly 1000 fonts, this disc is the place to get any Shareware or Freeware font you would ever want. Over 120 megs of TrueType fonts, Type 1 PostScript fonts, and Adobe screen fonts up to number 289 are available. The contents are entirely Finder accessible.

BMUG's TV-ROM™ Too with Update ROM (code: 080 ship: 6) **$50**
Eclectic movies and images for the QuickTime-minded!

The sucessor of the original TV-ROM, this disc was created with the very latest QuickTime technology.With over 500 megs of QuickTime movies, 100 musical clips, and over 200 photographic color images, this CD-ROM has captured the imagination of Mac users around the globe. Copyright light, these clips can be used in any presentation without payment or paperwork! It comes with BMUG's TV-ROM Too Update ROM described below.

BMUG's TV-ROM Too Update ROM (code: 090 ship: 3) **$20**
Life in the multimedia fast lane with QuickTime 2.0!

In August 1994, BMUG released the *TV-ROM Too Update*, an update ROM for owners of *BMUG's TV-ROM Too* and/or those curious about the new features of QuickTime 2.0. The $20 disc contains the brand new version of QuickTime and a sampling of movies—favorites redigitized from *BMUG's TV-ROM Too*, and enhanced additions and new renditions that take advantage of QuickTime's newest tricks.

A BMUG-developed HyperCard stack serves as a guide to viewing, learning, and experimenting with the movies on the ROM. Simple and familiar navigational tools allow the user to be a mouse potato or truly have an interactive learning experience. Each movie's card contains vital information such as frame rates, file size and duration, as well as the ability to play the movie in a variety of ways. This hands-on experience will give any user a better understanding of some of the new capabilities of QuickTime.

The BMUG ResEdit Collection, CD-ROM (code: 070 ship: 3) **$18**
Resources to play with once you've become a ResEdit guru!

From the authors of *Zen and the Art of Resource Editing* comes a collection of cool and exciting things! Includes the latest version of ResEdit, new editors, thousands of icons, patterns, resources, utilities, QuickTime, and Frontier Runtime.

Other CD-ROMs

Alaska Wild! (code: 120 ship: 3) **$35**
A great new ROM from Bull Frog Films!

A multimedia resource for classroom and home. Spectacular live action QuickTime video clips of animals in the wild. Each quarter-screen clip comes in two formats—one optimized for faster systems, one for slower systems. This new CD-ROM also includes informative commentary by the videographer and biologists for each clip contained on the ROM.

BMUG Shareware Library

BMUG has one of the largest collections of Freeware and Shareware software in the world. This library contains over four hundred different 800k disks organized into categories such as utilities, fonts, games, education, etc. Each 800k disk is $4. Specially priced disk packs listed below are also available.

Contact the BMUG office for information about the contents of BMUG disks.

Utility Disks

These two sets of utilities offer what we think are the essential utilities for any Mac user. Compression and virus utilities change often, and BMUG will always have the latest updates.

Compression Utilities ..... (code: COMP ship: 2) **$5**

The Compression Utilities disk contains the essential Shareware compression programs, so you'll never be at a loss. You'll save time online by compressing items before sending them, and save space on your hard drive by compressing items that are used infrequently. **MacZip** can decompress the DOS compression standard, **StuffIt Expander** can decompress Compact Pro, StuffIt, and AppleLink compressed files, and **DropStuff** lets you compress files by dragging and dropping!

Virus Utilities ..... (code: UV1 ship: 2) **$4**

The Virus Utilities disk contains the very latest Freeware and Shareware virus protection applications. You could pay a lot more for commercial software, but you really don't have to. Includes: **Disinfectant, Info About Viruses, and VirusDetective**

Floppy Disk Packs

Our disk room volunteers spend countless hours online, foraging the nets for Shareware and Freeware. We take the very best of the stuff they come up with, and turn them into these convenient disk packs. We know you'll find just what you need.
