Special Scenes

There are special names that can be given to a scene.

Start
The background of a scene with this name should have the begin flag set in it using the tool menu.

Title Scene
The background of a scene with this name appears as the opening scene when the stand alone game is run.

Help
The background of a scene with this name appears when the 'Help' button is clicked in the stand alone game.

Note: See Real-time Menu for more info on building a stand alone game.
