

Distribution

Deuces Wild is copyright ©1994 Blind Squirrel Software. Unregistered, unmodified copies may be distributed freely. Written permission is required if you charge for the software or the media or any other loophole of which we haven't thought. There are some exceptions:

- non-profit user groups may charge a media or copying fee up to \$3. If you need to charge more please contact us first. We'd appreciate notification if the program is included on a "disk of the month" or similar promotion. We may even make a special offer for the promotion.
- On line services such as America Online or Compuserve may charge their normal connect time for downloading. No extra fees are permitted.

Please excuse the harshness of this statement. It turns out there are a lot of people who want to be in the publishing business for free. It is they we are trying to stop.
