

Ha!

That got you, didn't it! Sorry, but this is just another harangue about shareware fees. Hey, if I titled the Chapter "About Shareware..." would you be reading this now?

OK, so... \$10. Ten bucks! The new stamps cost almost that much, for crying out loud! Come on. Do it. You'll feel all warm and snugly inside.

And to all of you who already have sent in the sawbuck: Thanks. We really hope this program serves you well. The response to LOODLE™ has been even better than we'd hoped. Keep those cards and letters comin', folks!
