Sheet1

DESC_1,C,40 DESC_2,C,40

This function will back your data up to This function will reindex your info... a floppy diskette...do it often!!! your best bet if there's trouble!! the data against allowable values This function allows you to change and select certain control features...

This will check for possible blank records in the database and delete 'em Packing actually removes deleted recor from the dbase...careful!! (backup 1st)
