

Auditor

Clark C. Mallory

567 Main Street
Shenandoah
Oregon 98765
(345) 576-8967

Objective

To serve major industrial corporation as financial-technical audit manager.

Experience as Operational Auditor

Fifteen years of heavy operational auditing experience with major chemical products manufacturer and large power and gas public utility, after thorough training in engineering (BSEE) and accounting (MBA).

AUDIT MANAGER: Nine years' experience with *Thales Chemical, Inc.* as **Operational Auditor** (1985-1991) and **Audit Manager** (1991-present). I designed the basic systems and procedures for enlarging the financial audit of this company to a full audit that included engineering design, production, and control by computerization using both PC/IBM and Lotus 1-2-3.

My system integrated perfectly with the financial audit and qualified me for the top audit post when incumbent Audit Manager retired. Responsible for both the financial audit and production audit of the company and reported directly to the President.

INTERNAL AUDITOR: Six years' experience with *Metropolitan Utility* as **Internal Auditor** (1979- 1985). I reviewed all accounts, contracts, disbursements, and field performance of contract analysis (vegetation, gas, and wiring). My unique combination of engineering and accounting made my writing procedures for this type of audit, and the resultant report, possible. These procedures are still used by this utility.

Education

MASTER OF BUSINESS ADMINISTRATION (MBA), *Leonard N. Stern School of Business, Graduate Division New York University, 1979*

BACHELOR OF SCIENCE, ELECTRICAL ENGINEERING (BSEE), *Lycurgus Technical Institute,*
Lycurgus, New York, 1973

Military

FIRST LIEUTENANT, *United States Army.* Served for three years as instructor in Electronics at the *Signal Corps* at Fort Monmouth.
