

Laboratory Technician

THORSTEIN ANDERSON

5236 Elm Street
Otsego, New York 87654
(421) 611-9210

CHEMICAL LABORATORY TECHNICIAN

JOB OBJECTIVE: Position in New York City, northern New Jersey, Westchester, or southern Connecticut chemical laboratory as laboratory technician.

EXPERIENCE

Five years of responsible experience as **laboratory technician** with Otsego Chocolate Company, 1989-present. This work is challenging and satisfying, but desire to live and work nearer a major city.

- This manufacturer of chocolate and candy products employs 2,500 persons. The chemical laboratory, comprising a staff of twenty-five, performs research and analytic functions, developing and controlling quality of products.
- My career with this company has been marked by progressive advancement in responsibility and remuneration. I started as a quality control chemist, gathering samples and conducting viscosity tests in chocolate production. Steadily advancing, I am now in charge of a team of five responsible for designing formulas for chocolate runs, distributing packets of special ingredients, and checking for quality and purity.

EDUCATION

Bachelor of Science in Chemistry, Southern Connecticut University, Norwalk, Connecticut, 1989. Honors program. Thorough training in chemistry included the following advanced technical courses:

Principles of Chemistry for Honors Students	9 credits
Organic Chemistry	10 credits
Physical Chemistry	6 credits
Analytical Chemistry	4 credits
Structural Inorganic Chemistry	3 credits
Chemistry Research for Senior Chemistry Majors	4 credits
