        *     Art
        *     Astrology
        *     Early ABC's
        *     Engines
        *     Geography
        *     Graphics
        *     Health
        *     Home Economics
        *     Language
        *     Math
        *     Music
        *     Sciences
        *     Shakespeare
        *     Social Studies
        *     Teacher's Aids
        *     Word Games
        *     Miscellaneous
              and much more!

To install:

Windows ---

        1.   Click on the FILE menu option located in the
                  Program Manager.

        2.   Click on the RUN option.

        3.   Within the dialog box type the following:
                  *"drive letter of your CD-ROM"*:\install.exe .

             This will install a program group and icons.

DOS ---

        To run the educational applications:

        1.   Change to your CD-ROM drive and press the enter

key.

            example.   D:  *and press enter.*

    2.    Type **school** and *press enter.*

    To run the games:

    1.    Change to your CD-ROM drive and press the enter
                key.

            example.   D:  *and press enter.*

    2.    Type **games** and *press enter.*

Mac ---

    To run the educational applications:

    1.    Click on the **Mac** folder.

    2.    Click on any of the category folders.

    3.    Click on any of the category folders to open.
            (The applications may be in their own separate
                folders.)

    4.    Click on any of the applications.

    To run the games:

    1.    Click on the **Games** folder.

    2.    Click on the **Mac** folder.

    3.    Click on any of the category folders to open.
            (The games may be in their own separate folders.)

    4.    Click on any of the applications.
