

Q'lope Instructions

1. The setup file will copy the following files to your Windows subdirectory

THREED.VBX
COMMDLG.DLL
VBRUN.DLL (if you don't have it there already)
QLOPE.INI
QLOPE.HLP

2. QLOPE.EXE and this file will be copied to the directory you specify. Normally this will be C:\QLOPE.

3. QLOPE is easy to run. The INI file should have the default setups for an HP Laserjet II or III and WYSIWYG Fonts ranging in size from 8 to 14. Check these setting via the Options Menu. The help file contains instructions on setting these options.

4. This program left InfoDesign virus free. That does not mean that somewhere in the distribution chain a virus was not introduced.

Check every software you recieve with a virus scan.

5. Here comes the legal stuff. Basically, try before you buy. You should know if it is good stuff or trash. Functionality like perceptions of beauty is a personal thing.

Software License Agreement

This is a legal agreement between you the purchaser and InfoDesign Inc. By installing this software you are agreeing to be bound by the terms of this Agreement. If you do not agree with the terms of this Agreement, delete the files from your computer'.
