If you would like to fax this form, please call and I can setup my fax board.

Make checks payable to "Kirk Quinbar". Orders shipped within one day!!!

Registration of shareware encourages the author to continue development of great programs such as CodeMaker, gets rid of the registration prompt, and will allow you to IMPORT barcode data from a comma delimited file, and unlimited phone support.

If you or your company or someone you know has an application that needs to be developed, please call upon my services. I have many years experience in programming complete database systems, and can handle things such as EDI, barcoding, inventory control (KanBan), and computer consulting on a time and materials basis.
