Winter Dreams Screensaver

Winter Dreams will draw and decorate your screen with winter landscapes and holiday scenes. Because there are 10 different screensavers to choose from, users will find a variety of pleasing images to enhance their desktop experience. The elements in a scene are drawn randomly each cycle so every scene is different.

- Cabin Retreat
- Sub-Zero

Frequently Asked Questions

1 I've ordered online but didn't receive a Key Code.

2 I've ordered online but can't download the screensaver.

3 I've lost my Key code.

4 How do I uninstall the screensaver.

Help file generated by VB HelpWriter.

I've ordered online but didn't receive a Key Code.

When you order online, you are purchasing the software version of the screensaver. There is no serial number or Key Code involved. After submitting your credit card information, you must download the full software version.
Find the directory where you downloaded the file and run it to install the software version of Winter Dreams.   It will now appear in your Screensaver section of Control Panel as Winter Dreams Screensaver.

Freeze Frame

After each scene is drawn, select the amount of time in seconds you want it to stay on the screen by adjusting the Freeze Frame slide bar.

You can also **pause** a scene at any point by hitting the Pause key on your keyboard.

Help file generated by VB HelpWriter.

Snow and Wind Speed

You can adust how fast the snow falls by moving the Snow Speed slider.   Wind speed can also be adjusted from 0 to 45 m.p.h.

Snow and wind speed can be individually set for each scene.
If the scene contains no snowfall, the slider will become inactive.   This is also the case when Random is chosen since each scene may have different selections.

Help file generated by VB HelpWriter.

Number of Snowflakes

Adjust the number of snowflakes from 100 to 500.   The more snow you choose, the slower it may fall depending on the speed of your computer.

Help file generated by VB HelpWriter.

Save and Name different scenes you create.

You can now save up to 10 different scenes created in Make Your Own.

To create a new scene, choose **New** from the menu **Scene.**   You will be asked to choose a name for your new scene.

After creating your scene, choose **Save As** from the menu **Scene**.   It will now appear as a scene choice in Winter Dreams Settings.
_____

Help file generated by VB HelpWriter.

Rename or Delete scenes you've created.

To rename or delete scenes created in Make Your Own, choose Edit from the menu bar.

Help file generated by VB HelpWriter.

Entering your Key Code

After purchasing Winter Dreams, enter your name exactly as stated in your order and the Key Code which you received either by e-mail or regular mail.

You can enter your Name and Key Code either at the end of the screensaver in the Nagbox, or in Winter Dreams Settings under **Purchase** in the menu bar.

Once the correct Name and Key Code is entered, the Nagbox   will no longer appear and you will have full access to Make Your Own.
