

# RED WINGS INTERACTIVE YEARBOOK

## README

### Installation Instructions

#### Windows 95

To run the Red Wings Interactive Yearbook, just insert the CD into the CD-ROM drive, and wait 10 to 30 seconds for the opening sequence to begin.

#### Windows 3.11

To run the Red Wings Interactive Yearbook, insert the CD into the CD-ROM drive. From Program Manager, select **F**ile, then **R**un. Type: **L:\GOWINGS.EXE** (where L: is your CD-ROM drive).

### Installing Video for Windows

If your computer doesn't have Video for Windows or an older version, follow the instructions below:

- . From within Windows Program Manager, choose the **R**un command from the **F**ile Menu.
- . From the Run dialog, enter your drive letter, followed by \vfw1.1e\SETUP. For example: if the CD-ROM drive is D, then you would type: **D:\vfw1.1e\setup**
- . Choose **OK**. This installs the Microsoft Video for Windows Runtime and updates the Media Player accessory. You can now play AVI sequences with the updated Media Player.
