Media Player

Media Player, a web application for playing media files. It is built using the Angular framework and the RxJS library for reactive programming. The application is designed to be simple and easy to use, with a clean and modern interface. It supports a wide range of media formats and can be used on any device with a web browser.

Usage

Media Player can be used in two ways: as a standalone application or as a library. To use it as a standalone application, simply open the application in your web browser. To use it as a library, you can import the necessary modules and components into your application.
