

Song: On my way  
Band: Myballoon  
Album: Perfect view

**Bm**                    **G**                    **Em**                    **G**  
do do do do do do do do do do do do do, I'll be on my way x2  
**Bm**                    **G**                    **A**  
do do do do do do do do do do do do do

**G**                    **Bm**                    **G**                    **D** **A**  
And I can understand that you're down, you don't have to be --- down on the ground  
And I won't talk about days in the past, I just wanna be --- be with you  
And now I want to take away all your pain now that you don't need to be afraid  
**G**                    **Bm**                    **G** **D** **A** **Bm** **F#** **G** **F#**  
And it could feel so unbelievable still have that bitter taste in your mouth

**Bm**                    **G**                    **Em**                    **G**  
do do do do do do do do do do do do do, I'll be on my way  
**Bm**                    **G**                    **A**  
do do do do do do do do do do do do do

All I hope's that you can trust in me now the way that I do trust in you  
And I will make it quite plain that all I've said is true, it's up to you  
But how far do I have to go til you know hey, it's you and me (add. G# inserted)  
And it could feel so unbelievable still have that bitter taste in your mouth

**Bm**                    **G**                    **Em**                    **G**  
do do do do do do do do do do do do do, I'll be on my way  
**Bm**                    **C#5**                    **D5**  
do do do do do do do do do do do do do

**G**  
And I won't talk about days in the past, I just wanna be --- be with you  
**G**                    **Bm**                    **G** **D** **A** **Bm** **F#**  
And now I want to take away all your pain still have that bitter taste in your  
**G** **D** **A** **Bm** **F#**                    **Bm** **G** **Em**  
still have that bitter taste - in your mouth  
                                 **G** **Bm** **C#5**                    **D**                    **E** **F#** **G** **A**  
in your mouth,                    in your mouth

**Bm**                    **G**                    **Em**                    **G**  
do do do do do do do do do do do do do, I'll be on my way  
**Bm**                    **C#5**                    **D5**                    **E** **F#** **G** **A** **Bm**  
do do do do do do do do do do do do do
