Contents for Fortune Cookies Help

Fortune Cookies is a simple little program to generate your "fortune" every time you run it. The fortunes it generates are similar to the messages you get inside the dessert cookies at an oriental restaurant.

Menus

Help Menu

File Menu

Tell Fortune -- Generates another fortune.
Reset -- This "resets" or "re-randomizes" the data file.   Use this option whenever you edit the data file, or any time the fortunes don't seem to be displaying correctly
----
Exit -- Exits Fortune Cookies.   If you choose   this, I'm outta here, no questions asked!
