

# MULTIMEDIA SERVICES

Our extensive experience with multimedia technologies and development of CD-ROM titles allows us to offer our clients everything required for their multimedia projects.

**If it has to do with multimedia just ask - we can do it!**

## \* DIGITAL VIDEO SERVICES

Video from your source tape is captured and compressed into digital video files using Video for Windows (AVI), MPEG or Quicktime. Tape sources accepted include Betacam SP, 1", 3/4", M-II, Hi-8, S-VHS, VHS or laser disc. We will deliver to you the highest-quality finished digital video files on a one-off CD-ROM disc. These are finished digital video files ready for insertion into your multimedia project.

AVI or Quicktime.....\$65 per finished minute  
MPEG.....\$35 per finished minute

***Volume discounts available!***

## \* VIDEO EDITING

We work with you to create just the video you want from your source materials.

Video Editing.....\$75 per hour

## \* AUDIO CONVERSION

We can take your CD or DAT audio and deliver direct digital audio files ready for insertion in your multimedia project.

Audio Services.....\$75 per hour

## \* SCANNING SERVICES

We can take your photos, drawings or other images and deliver high-resolution digitally scanned files.

Scanning Services.....\$75 per hour

## \* CD-ROM MASTERING AND REPLICATION

We produce finished gold master CD-ROM discs ready for immediate use in your multimedia project or for disc replication.

One-off CD-R.....\$69 per disc  
Additional discs.....\$25 per disc

## \* REFERENCES

One of our biggest customers is Microsoft, who uses us daily because they know first-hand the quality of our work and high level of service.
