

SIMPLE DESIGN

WRITTEN BY: Donald Kiel, CalState, Los Angeles
(dkiel@neptune.calstatela.edu)

CATEGORY: Fractals

APPLICATION:

Draws the simple designs defined in Scientific American (Dec 1986) Computer Recreations column edited by Dewdney.

USAGE:

This application is used to demonstrate that a pattern can be generated by a very simple formula: If $x^2 + y^2$ is divisible by 2 draw the point (x,y) .

DEVELOPMENT: NeXTSTEP 2.0
