

BackDesk Registration

Register **BackMenu** and **BigDesk** *now!*

READ THIS! It contains the answers to all the questions we are commonly asked!

If you've found that these packages fit in with the way you work, please register and support a struggling research assistant!

For £25, you can register BOTH packages, and receive a nice certificate on recycled paper and two registration numbers to allow you to enter your name or other personal details on the opening windows and About... boxes.

For £10, you can swap an earlier single package registration for a BackDesk package registration (please quote your certificate number when upgrading).

If you really must, you can register just one of the packages for £20, with the option to register the other for £10 at a later date.

We don't supply a disk with your registration (that's one reason why it's cheap!). If you need a disk, we'll send you the current version of BackDesk on a disk filled with other shareware that we like for £10 extra (once registered, you get upgrades for £5). Please ensure you indicate the disk format on the order! All the documentation is on the disk and we prefer not to waste paper, so we don't supply a printed manual either. (In response to customer demand, there are other options on the order form below, however).

Just print out the form below, fill in the details and fax it to SP Services on (0703) 550037 (that's +44 703 550037 if you're not in Britain). If you've no fax, either ring the same number and wait patiently for the answering machine, or post the form to:

SP Services
PO Box 456
Southampton,
United Kingdom
SO9 7XG

You'll have to do this if you don't want to pay by credit card, too, but please note we prefer payment in pounds sterling (*non-UK orders please see below*). Please use the pro-forma invoice on page 4 if this is required by your accounts department. If you really must use a company order and expect to be invoiced, we charge £5 per month for the extra work involved in invoicing, issuing statements, sending in the bailiffs etc. We also accept orders by electronic mail to **shipps@cix.compulink.co.uk** or on **CompuServe** to **100016,1625**; you will get an e-mail reply as soon as the order is received, followed by a registration certificate in the post. *Please supply all the same details.*

Bulk Copies/Site Licenses

If you want to register for a network, or for a mega-corporation, please calculate a fee using the following table. There is no invoicing charge for multiple orders.

For three or more registrations, the price is...

up to	10	30	50	75	100	200	copies
each	£20	£17	£15	£12	£10	£9	

Over 200 copies: £1500 one-time charge for first address, then £100 per additional address, or £2000 for an unlimited number of addresses. We only do bulk registrations of the whole BackDesk package, not BigDesk & BackMenu separately. Bulk registrations include one copy of the latest version on disk.

Creepy Disclaimer (the small print in big letters)

Don't forget that there are no warranties associated with this software beyond saying that it will do what it says in the documentation (apart from your legal rights, of course). If you manage to mess up your installation and think it has something to do with BackMenu or BigDesk, we're sorry but it only cost £25, didn't it. Now for BIG money we'll give you a warranty. However, *registered users* may e-mail sshipps@cix.compulink.co.uk or CIS 100016,1625 or fax +44-703-550037 and we will do our best to satisfy your requests. All prices are subject to sudden, unexpected change, and all errors are regrettable, human and apologised for. Once you have a license, you can use our software 'like a book' as they say - do what you wish with it as long as only one person can ever use the licensed copy at any one time. We only sell the permission to use, not the software. (We can translate this section into legalese if you wish!)

US and other non-UK Users!

Please **do** register! It's really easy; you simply send in your credit card details & address, we debit your credit card in pounds sterling, and the credit card company do all the hard stuff about currency conversion. As a special incentive, there are no extra shipping costs for non-UK orders! If you really cannot avoid paying in a currency other than pounds sterling, please add the equivalent of £5 sterling to the price you send to cover part of our currency exchange costs.

We apologise if this seems expensive to US customers, but the price is a fair one for Europe and is distorted by exchange rates and market prices to seem expensive in the US. At least we're not charging you for shipping!

Just for the record, BackMenu and BigDesk are both © Copyright 1991-92, Ian Heath; this chatty registration form is entirely public domain. It's designed for A4 paper but should print OK on 8½" x 11" letter.

REGISTRATION APPLICATION FORM

(please deface as required)

Please register my copy of BackDesk (both BackMenu and BigDesk) for £25

Please register just BigDesk for £20 (upgrade £10, state certificate number)

Please register just BackMenu for £20 (upgrade £10, state certificate number)

Please send me your Shareware Selection (including latest BackDesk) on 3½"/5¼" DD/HD disk for £10 more (please specify disk size & density).

- I need a receipt.

- Please invoice my company (£5 extra/month due)

- I want a laser printed manual (£7 extra)

- I want a disk (state size) with just the latest version (£5)

I authorise you to debit my credit card (details below) with the sum identified above; I understand that I will receive one of your very nice registration certificates, appropriate registration number(s) and the undying gratitude of Ian Heath in return for this sum (no disk or manual unless ordered). I got the software from _____ and have version 2.40.
