Conditions of Use

Get Address In PackRat is a “shareware” macro written for Microsoft® Word for Windows™ Version 2.0a. It is provided at no charge to the user for evaluation. Feel free to share it with your friends, but please give them only complete copies of Get Address In PackRat. Do not give this software away altered or distribute it as part of another software package.

The goal of “user-supported” software is to provide personal computer users with quality software without high prices, and yet, to provide incentives for programmers to continue to develop new products. If you find that you continue to use Get Address In PackRat after a reasonable trial period, you must make a registration payment of \$10.00 plus shipping charges to the author (see registration form for details).

§

The registration fee will license one copy of Get Address In PackRat for use on any one computer at any one time. You must treat this software just like a book. Like a book this software may be used by any number of people and may be freely moved from one location to another, so long as there is no possibility of it being used at more than one location at any time.

Registration forms are provided later in this document. All registered users will receive an unencrypted copy of the macro and will be entitled to upgrades at reduced prices on all future releases of these macros.

Commercial users of Get Address In PackRat must register and pay for their copies of Get Address In PackRat within 30 days of first use or their license is withdrawn. Site license arrangements may be made by contacting the author directly (see form).

Distribution of Get Address In PackRat

Anyone considering the distribution of Get Address In PackRat for any kind of remuneration must first obtain a written authorization from the author; failing to do so is in violation of the copyright. An application form for this purpose is included with this document.

§

This authorization will be automatically granted to distributors recognized by the Association of Shareware Professionals (ASP) as adhering to its guidelines for shareware distributors, and such distributors may begin offering Get Address In PackRat immediately. However the author must still be advised so that distributors can be kept up-to-date with the latest version of Get Address In PackRat.

You are encouraged to pass a copy of Get Address In PackRat along to your friends for their evaluation. Please encourage them to register their copy if they find that they continue to use the macro.

Distribution Files
