## **Details on Registering Chess Captor**

When you register Chess Captor you will receive a license number which the program will use to recognize you as a customer and eliminate all shareware limitations built into Chess Captor.

### **System Requirements**

Chess Captor requires Windows 95 or Windows NT version 3.51 or greater. Both Windows and Chess Captor require a video card and monitor capable of rendering 256 colors. Although not required, Chess Captor works best on a computer with a soundcard and speakers.

### **Payment Terms**

I only accept cash (for now). **Please do not send any coins unless you cannot meet the amount with money bills alone.**
