Licensing Agreement
YOU SHOULD READ THE FOLLOWING TERMS AND CONDITIONS
CAREFULLY BEFORE USING THIS SOFTWARE. USE OF THIS SOFTWARE
INDICATES YOUR ACCEPTANCE OF THESE TERMS AND CONDITIONS. IF YOU
DO NOT AGREE WITH THEM, DO NOT USE THE SOFTWARE. THIS LICENSE
AGREEMENT IS A LEGAL AGREEMENT BETWEEN YOU (EITHER AN
INDIVIDUAL OR A LEGAL ENTITY) AND H&S TECHNOLOGY, INC.

DEFINITION(S)
1. "SOFTWARE" MEANS THE SMTP32 DLL SOFTWARE PRODUCTS.

Shareware Version

The Shareware version entitles you to use the software for evaluation only; make as many copies
as you wish; and distribute the Shareware version of the software and documentation in its
original and unmodified form.

Registration

If you decided to keep this software then you need to register it. With registration you will receive
the software serial number and registration key to unlock the software. You will also receive the
software diskette and a reference manual.

Disclaimer
H&S Technology, Inc. provides the software and documentation without warranty of any
kind, either express or implied, including, but not limited to, any implied warranties of
merchantability or fitness for a particular purpose or warranties of quality or
performance. Your exclusive remedy with respect to the software, the documentation and
this agreement will be limited to, at H&S Technology's option, either (a) repair or
replacement of any defective Software or Documentation or (b) refund of the original
purchase price paid. In no event will H&S Technology, Inc. and its employees be liable
for any damages arising out of the use or inability to use the software or documentation,
including, but not limited to, any damages for lost profits, anticipated benefits, or
business interruption, even if they have been advised of the possibility of such damages.

Evaluation Agreement
H&S Technology, Inc. hereby grants you a 30 days limited license for purpose of
evaluating the Software. After 30 days, you are required to register the product or
completely remove the software from your machines.
Use of this software indicates your acceptance of these terms and conditions. If you do
not agree with them, do not use the software.

Developer license
A single developer license entitles only the registered user to use the SOFTWARE on a

single machine. The SOFTWARE cannot be installed on network shared drives.

Runtime license
A runtime license entitles only the registered user to use the runtime DLL as a component of the derivative product of the SOFTWARE on a single machine. Runtime licenses can only be purchased for applications/products that were developed using the Developer's license.

Developer Server license
A developer server license entitles a registered copy on a file server for unlimited users whose workstations are directly connected to the server to access and use the SOFTWARE.

Runtime Server license
A runtime server license extends the runtime license to a file server for unlimited users whose workstations are directly connected to the server to access.

Developer Corporate license
A corporate license entitles a registered company to unlimited use of the SOFTWARE within a company.

Runtime Corporate license
A runtime corporate license extends the runtime license to within a company.

Distribution license
A distribution license entitles a registered user to distribute unlimited copies of the runtime DLL with applications derived from the software. The registered copy of the SOFTWARE is therefore licensed for use in conjunction with that application only.

Distributing DLL
You may distribute only the runtime DLL (SMTP16.DLL or SMTP32.DLL depending on the license you have purchased) with your application, provided: 1) the application is developed using a registered copy of the SOFTWARE; and 2) purchase the appropriate runtime licenses for the end users. However, you are not allowed to
distribute any of the documentation or supporting files, e.g. *.hlp, *.h, *.bas, *.lib files.

You may not reverse engineer or disassemble the software, or sell the software. You may not distribute your SOFTWARE registration key and serial number.
