TTUtility Ordering Information

The demonstration/shareware version of this components is fully functional inside the Delphi environment. Attempt's to run an application that uses this component will fail as a stand-alone executable. If you find this control useful and would like to use it in your applications you must order the regular version.

For $49 U.S. (Calf. residents + 7% SST), you will receive the full version plus any updates for the next year. MasterCard, Visa, and American Express are accepted. The component will be sent to you by CompuServe or Internet e-mail. The source code is available for an additional $40 (such a deal).

Or you can go SWREG and put it on your CompuServe bill.
          SWREG # 6951 - Component without source $49.00
          SWREG # 6950 - Component with source $89.00

To order via e-mail, please send your credit card number, expiration date, name as it appears on the card, and your e-mail address so we have some place to ship the product to **75664.1224@compuserve.com**. We would also like your mailing address and voice phone number but it's not completely necessary (you become a pin on a map of the world). If you are uncomfortable with the e-mail idea you can fax the info to us a (619) 566-0210, or, worse yet, write us at the address below. If you are ordering through CompuServe the product will come as a ZIP file. If you are ordering through the Internet the product will come as a UUE file which you will need to convert to a ZIP file.

Any technical questions regarding this component should forwarded to **70664.1453@compuserve.com** or the FAX number.

The above prices include all updates and upgrades to the component for a year and technical support via CompuServe/Internet.

Other Products from Out & About Productions

TDBLookupComboPlus - Advanced Quicken style replacement for TDBLookupCombo, with new styles to support sorted drop down lists, incremental (as you type) search and smart auto fill-in of untyped data. These Quicken-style behaviors substantially enhance data entry speed and accuracy.

TDBLookupComboPlus recognizes and supports Master/Detail relationships in the lookup table giving the developer a fast and simple way to filter the data in the drop down list.

Other features include the ability to add new lookup records on the fly, searches on numeric values, ability to populate the lookup list from a query, enhanced list alignment capabilities, Plus much, much more. A must have for your component arsenal. Hundred's of happy Delphi developers can't be wrong. This is very cool!

Search for and download DBLUP2.ZIP from the Delphi forum on CompuServe or you favorite

Delphi FTP or Web sight. **http://www.o2a.com**

TDBComboBoxPlus - All the Quicken styles features of TDBLookupComboPlus but this one replaces the original Delphi TDBComboBox component. This is a completely new control and unlike TDBCombo it is not based on the standard Win Control. By starting from scratch we were able to implement lots of super new features including the Quicken style features mentioned above, plus data alaising, multiple columns, titles and much, much more.   ***TComboBoxPlus*** - Same features as TDBComboBoxPlus but not data aware. Designed as a supped up replacement for Delphi's TComboBox.

These two components are sold as a pair. For a demo search for CBPLUS.ZIP in the Delphi forum on CompuServe or in you favorite FTP or WWW site.

Binford 2000 Combobox Combo - You can also purchase the DBComboBoxPlus and ComboBoxPlus along with the original DBLooupComboPlus component as a set at a discount over purchasing the components separately. This super combobox combo is **only $40** without the source (a $10 savings) or **$60 with the source** (a $15 savings). This special combo deal is also available through the SWREG program, just search for "Binford" or CompuServe ID number 75664,1224.
