
CMPQwk 1.3 Visa Registration Procedure

Please register this product if you intend to use it. If you are a registered user of another offline mail reader such as **OLX** or **WinQwk**, please see **UPGRADE.WRI**.

If you would like to register via Compuserve, please see the file **COMPUSERV.WRI** .

If you are a SysOp and would like to register 10 or more copies at one time, please see the file **SYSOP.WRI**.

The procedure, for those of you interested in registering via VISA/MC follows:

Via modem call **ASACompuHelp BBS** at (614) 476-4058

Log on under your REAL NAME - then join conference 9, the CMPQwk Support conference. From there you'll see a menu option for registering. Select that option and follow the prompts. It is similar to any online registrations service, and will request information such as your name, address, etc. Fill out all the required information until you are back at the main screen.

Due to increased costs, registering via ASACompuHelp BBS is slightly more expensive than registering directly with the author. This is because of costs passed on to us by the BBS. Upgrades are \$30 and new registrations are \$47. Please note that the charges on your VISA/MC will appear as, "ASACompuHelp, Inc." and *not* CMPQWK.

You may then call back approximately 48 hours later to receive your registration number and key in a private message.

Registrations for any 1.x release will receive free upgrades and support for all subsequent releases *until* 2.0. Also, the "competative upgrade" offer for users of OLX, WinQWK and other readers will *probably* be dropped starting with version 2.0.

If you have any questions or comments, please feel free to contact us.

Derek Backus may be reached on Compuserve at: **72233,3255**

On the Internet you may route to: **dbackus@patchbay.com**

DO NOT route from the Internet to Compuserve, send the message to the internet address DIRECTLY!
