

## HOW TO REGISTER YOUR COPY OF KENTROL

### ON-LINE

Kentrol can be registered on-line via CompuServe. The cost is charged to your credit card, and your customised software and manual are sent immediately, by airmail. You always receive the very latest version of Kentrol.

The price for on-line registration is the same as by mail:

In the US & Canada -- US\$59.95 or C\$74.95  
All other countries -- US\$69.95

To register on-line, type GO SWREG at any CompuServe prompt, then just follow the instructions. Please note that Kentrol has two different registration IDs; one is for US and Canadian users, the other for everybody else.

### BY MAIL

To register by mail, please send your *name, address, callsign, diskette size and radio model*, along with a cheque or money order for \$59.95 (US funds) or \$74.95 (Canadian), for orders from the US or Canada (US\$69.95 for all other orders), to:

Brian Gilhuly,  
76 McDonald Street S.,  
Amprior, ON,  
K7S 2W5,  
Canada

Registered users receive:

- a diskette copy of the latest version of Kentrol, customised with your callsign and/or name
- a 40 page printed manual
- full printing, transmit and split operation capability
- variable bandwidth on the 940/950/850
- lots of additional memory files
- a file conversion utility for old-style .kts files
- access to telephone support.
- free upgrades
