

**IS THERE REALLY A FACE ON MARS AND A GIANT PYRAMID?**

**WHAT CAN ALL OF THOSE OTHER VERY INTERESTING OBJECTS BE?**

**SEE FOR YOURSELF WITH THE MARSFACE CD.**

Here is a section of the artifact field on the Planet Mars that has the Marsface. The Marsface has been a controversy for over 15 years since it was first noticed in the Viking Orbiter Spacecraft image database in the late 1970s. You now can see for yourself the Marsface and a couple of other objects surrounding it on Marsface.bmp and an enlargement on Marsfac2.bmp.

**THE MARSFACE CD HAS 78 PHOTO-ENHANCED IMAGES OF THE ONLY 2 PHOTOS TAKEN OF THE MARSFACE BY THE 2 VIKING ORBITER SPACECRAFT LAUNCHED BY NASA. THESE 2 PHOTOS HAVE BEEN ENHANCED BY USING A COMPUTER AND IMAGE PROCESSING SOFTWARE. THE ENHANCEMENTS MADE BRING OUT ADDITIONAL DETAIL THAT YOU WOULD OTHERWISE NOT NOTICE.**
